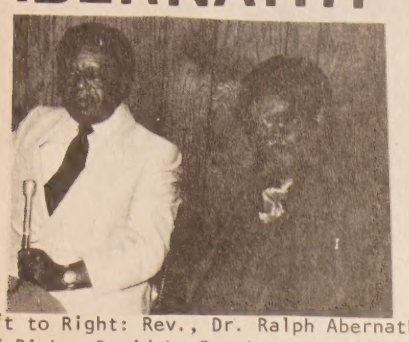
DR. RALPH ABERNATHY



Left to Right: Rev., Dr. Ralph Abernathy, and Bishop David L. Brooks, seated in the KTOY recording booth at Bates Vocational Institute in Tacoma, Washington. Rev. Dr. Ralph Abernathy was visiting our lovely city and spoke at several locations such as Tacoma Community College; Allen A.M.E. Church of Tacoma, and St. John's Baptist Church also in Tacoma.

Dr. Abernathy as you probably know was the dear friend of Dr. Martin Luther King and was by his side at King's tragic death.

Today the TACOMA FACTS interviewed the immenent Dr. Ralph Abernathy at Bates Vocational Institute. The interview was anything but non-invigorating as so many are. The main topic that the great Dr. Abernathy expounded upon was one which Black's have been repeatedly egnoring, yet endeavoring to accomplish for years, "Black Unity." Dr. Abernathy as most of you know was the dear friend of the late, great Dr. Martin Luther King,Jr. In fact, Dr. Abernathy was standing right beside Dr. King at the tragic moment of his assassination, and at the interview at Bates, Dr. Abernathy stated sadly:" I never thought I would be or do anything without my friend Martin standing right beside me."

Dr. Abernathy spoke firmly yet disappointedly at the people of Tacoma (mainly Blacks) about their disunity. Dr. Abernathy also spoke at Tacoma Community College and one would want to apologize for the small crowd that turned out to hear him. This seemingly quiet unassuming man who has given so much for so many. Here was Black apathy at its height. Here was a voice like John the Baptist in the wilderness, saying:"Get back in and fight Sisters and Brothers. We have come a long ways 'Yes but if we are to be free, we gotta' keep traveling' down that long dusty road.

The Reverend's talk seemed more dialogue than lecture. He started with historical rhetoric and emphasized his points in Baptist Minister fashion. The audiences' imput came in the form of hand clapping and affirmative "Thats Right". The scattered stock jokes were entertaining, that made for both a pleasant and soul searching evening. In the question and answer period, a young college student asked, "Sir, what is happened to all the Black Leaders of the Sixties and Seventies, are they all dead?" His answer can best be found in Ralph Ellison's novel "Invisible Man." When ole' Mary Rambo tells the young student, "It's you young folks whats going to make the change," Yall's the ones. You got to lead, and you got to fight, and move us up a little higher." Ole Mary's admonition held true for the generations preceding the leaders of the sixties and seventies and all the succeeding gererations to come. So, young man and young woman, ask not, what is happened to the leaders for you are the leaders, if you will--but step forward and Act!!!

A Veteran of Countless Civil Rights Battles. He witnessed both is Leader's Victory and Martydom. At Memphis he stood tall a Charleston S.C. and the people's campaign, he confronted Eugene "Bull" Connors and his Police dogs at Birmingham. He stood silent for a moment seeming just a little tired from the wars.

Born March 11, 1926 the 10th of 12 children; raised on his fathers farm in Linden, Alabama, he attended Linden academy the negro school in that local. The World War II veteran attended Alabama College and obtained his Bachelor of Science in Mathematics and later switched to Sociology to obtain his Masters Degree in 1951. He was ordained to the Baptist Ministry in 1948.

SOLAR HOMES

People typically desire certain qualities in their homes. Prominent among those desires are an attractive appearance, comfort, and practicality. Passive solar homes can provide these qualities by maximizing view potential and keeping home heating costs low. By combining conservation and solar, both new and existing homes can dramatically lower energy bills and create bright and sunny living spaces. The Light Division and Washington Energy Extension Service are offering a free class on passive solar design that focuses on popular design options, basic principles, and costs. The lecture is Wednesday, June 2, from 7 p.m. to 8:30 p.m. at the Public-Utilities Administration Building auditorium, South 35th Street and Union Avenue.

Solar water heating systems, which are a cost-effective alternative to conventional water heating, can meet 50 to 60 percent of your annual hot water needs. For an average family of four this can mean a savings of up to $100 or more over the course of a year. A wide variety of solar water heating systems are available that can provide these savings. The simplest and least expensive are passive breadbox systems that range in cost from $100 to $500. Active systems, which rely on pumps and incorporate freeze protection, are more costly, usually in the $2,000 to $4,000 range. Each system has distinct advantages and disadvantages. The Light Division and Washington Energy Extension Service are offering a class that gives an overview of solar water heating systems and helps evaluate what system will best meet individual needs. The class will cover system types, costs, and expected performance. It will meet on Wednesday, June 16, from 7p.m. to 8:30 p.m. at the Public Utilities Administration Building aditorium, So. 35th St. and Union Avenue.

TACOMA HONORS COLLEGIATES

The Tacoma Community College Honors Program has been awarded an "exemplary status" recognition by the Washington Community College Humanities Project.

The TCC program received one of 12 community college awards statewide. According to program director Dr. Richard Lewis, two awards were for honors programs and the remainder for honors courses and individuals.

Presented at the recent "Humanities '82" conference in Seattle, the award was based on the program's academic excellence, interdisciplinary character and outstanding performance of faculty members involved.

The TCC Honors Program, begun in 1978, is a special two-year academic program designed individually for each honors scholar who meets entrance requirements. According to Lewis, Honors scholars are expected to probe into the humanities, behavioral sciences and philsophy of science in greater depth than normally expected of college students. To meet this goal, special courses have been developed.

The program enrolls 21 students each year from all over Pierce County. This fall, eight scholarships for tuition and books will be awarded. Lewis said many TCC faculty members and other interested persons contribute funds for scholarships and program operations.

CATCH THAT AGAPE SPIRIT

"In a traffic jam, anything that moves becomes pretty obvious,"says Minister Robert Penton II when giving his philosophy about his dream.

The Agape-Cue-Restaurant was born through divine inspiration given him only 9 months ago. "Faith at Work, is Faith that Works,"James 2:17-18.

"Agape is the Greek work for Love "love feast," Christ-like love that each Christian must possess. "Cue is short term for "good ole southern style barbeque." Put them together and you have a love feast with lots of delicious barbeque.

Dedication ceremonies were officiated by Dr. Alfred C. Davis, pastor of Eastside Community Church, through which the restaurant is sponsored. The May 5, attendence was comprised largely of the church's membership. Because of the many supporters, May 6, 1982 was also set aside in further celebration, with the grand opening to the public on Friday, May 7, 1982. 1426 So. K St.

LETTERS TO THE EDITOR

I was deeply troubled by watching the Richard-Rryor special on May 11, 1982. In the sketch where Mr. Pryor portrayed a preacher he showed absolutely no class or respect.

I would suggest to Mr. Pryor that he study the books on black history. The black church played an enormous role in providing black people a place to communicate and to bring about the social issues that effected black people in our society. However, the black preacher drew black people together as a family . Let's not get to the point where we forget the strides forward that were made by black preachers like Dr. Martin Luther King, Jr. as he struggled to preach non-violence and civil rights in the church.

You would think after Mr. Pryors' accident a few years ago that he would have learned that God and His church are not things to be played with. There is enough happening in society today that we can joke about that we do not have to make a mockery of an institution that should be shown total respect and reverence.

It also troubles me to think what affect Mr. - Pryor and his bad sense of humor will have on our children. It is my hope and prayer that Mr. Pryor learns his lesson soon and stops making a mockery of the church and a fool of himself.

Harold Simms, Jr.

RESIDENTS OF HILL TOP

Much publicity and controversy has surrounded the appointment of a white director for the Davies Boys Club. Throughout the public debate that has taken place, the Boys Club has maintained a firm position that selection of all Boys Club personnel is made on the basis of experience and qualifications, regardless of race or sex. To do otherwise would be discriminatory and unprofessional.

Since the director that was hired has withdrawn his hame, we must now begin the selection process over. It is our intention to insure that an outstanding director is hired who will provide a high quality program for the boys and girls of our community.

In such a sensitive issue, misinformation and misrepresentation often fan the flames of controversy. Such misinformation has been conveyed to the general public and needs to be corrected so this issue can be dealt with on a factual basis:

1) The branch director's position at the Davies Boys Club was not and will not be a part-time position.

2) The Director that was hired, was unanimously selected by a committee which included a member of the black community.

3) Of the six finalists for the position, two were minorities (not 4 of 5 as reported). All candidates were given fair and equitable consideration.

4. The majority of staff members at the Davies club are not caucasion as reported; in fact, 2 of 3 of the full-time staff are black.

One last comment. Racial prejudice is abhorent to every principal upon which Boys Clubs are founded. It is sad and ironical to find ourselves faced with an issue of race. It is our fervent hope that our of this will come a community awareness that there must be more community involvement in our club. This issue will be resolved, but there will be a continued need for community support on the board and in our programs.

Executive Director.

GUS SAVAGE

FIRST BLACK JOURNALIST EVER ELECTED TO CONGRESS

The deepening recession has left a growing number of Americans in a very serious bind: since they are having a hard time making ends meet, many of them have to surrender their legal rights because of high fees for lawyers.

Despite this reality, the Legal Services Corporation, commissioned by statute to help the poor secure their legal rights, is once again on the president's budget chopping block.

President Reagan initially sought to eliminate federally supported legal services in his 1982 budget. The lobbying on the part of the administration was intensive.

Congress refused to junk the program, but funding was sliced by 25 percent to $241 million. Further, the program was also hit with new restrictions on its activities. For example, legal aid attorneys can no longer file class action suits.

Last year, the program hit its target of providing two attorneys for every 10,000 cases, and only two percent of the program's budget was allocated for overhead and administration costs. Most of the funding went to the problem-client services.

Scores of racial minorities and the urban poor have called on and benefitted from legal aid system since it was founded in 1974. Federally funded legal services have been provided since 1965 when the Office of Economic Opportunity set up its first legal aid project.

The question that concerns me is, what will happen to the 1.5 million poor people now being served by 6,000 legal aid lawyers? As far as the Reagan administration is concerned these Americans will just have to find another way to buy justice.

The administration contends legal aid lawyers or "poverty lawyers" are being subsidized at public expense to propagate their private views of what is good for Blacks, the poor and the nation.

However, the administration does not want to face up to the reality that there is a growing need for legal aid and the American public likes the present approach.

An April, 1981 CBS/New York Times survey indicated that 83 percent of those polled supported either the same level of funding or an increase for legal aid services for the poor, while only 13 percent favored a decrease in funding. Even among those who approved of Reagan's economic program, 80 percent favored the same level of funding or an increase for legal aid.

It's unfortunate that despite this support the legal aid program is still slated to be axed the president.

We must fight to prevent the suggested cuts in legal services and we also must work to restore the options that legal services used to have, such as the right to file class action suits.

PACIFIC LUTHERAN UNIVERSITY

The PACIFIC LUTHERAN UNIVERSITY Registrar recently completed a 10 year statistical report which indicates growth in international student enrollment while PLU minority enrollment dropped from a high of 245 in 1975 to 182 in 1981. Although this last figure is the third year of a steady increase since 1978, the "Office of Admmissions remains committed to doing all it can to assure this upward trend continues," says Dean of Admissions, James Van Beek.

"One way this trend can be maintained is through support from our alumnae- especially minority alumnae," states Phillip W. Miner, Associate Dean of Admissions. Minority alums can do many things to help attract and retain minority students:

* refer names and addresses of minority youth to our office.
* serve as advisory personnel for minority student organizations
* develop and offer employment interships to PLU minority students
* sponsor/co-sponsor fund raisers for minority student scholarships
* regularly donate to the existing minority student scholarship program B.E.R.G. (A descriptive brochure is available from the Office of Minority Affairs)

The BERG Scholarship Program is an outstanding example of helping people help themselves. It was founded through the effors of the Black alliance through Unity (BANTU), a minority student organization on campus.

For minority students at PLU, BERG picks up where the Financial Aid Office leaves off. It provides supplemental assistance to incoming and continuing students of Asian, Black, Chicano and Native American heritage by means of a comprehensive four-point program:

Malcolm's Sports Report

L.A. Lakers VS. Philly 76ers ********** This Series should be the best yet. Although the Lakers could win this one too in Four games to none. This is a possibility that could happen. The fast break and good team defense will be the main factor for both teams. The L.A. Lakers has the best fast break in basketball today. To me they have the best team defense also. The seventy-sixers are to sometime to me. But if some how they could win the championship, Andrew Toney should be the most valuable player. The last game in the Boston Series the commentator's gave M.V.P. to Doctor 'J', I am not taking anything from Doctor J., But Andrew Toney was the difference. If the Lakers win, the M.V.P. should be either Cooper or Bob McAdoo. Cooper to me is one of the best defensive players in the League. McAdoo always has been a sourer and with him coming off the Bench that is a plus. The Beach is going to be the difference in this series. Everybody wants Philly to win, Hey Right on, But I am going to go with the best and that is the west. Sick mack says Philly has the best shot blocking team in the league. But Mack, that is not going to be enough. The 76ers get back to slow on the fast break, and L.A. will score most of their points on the fast break. Michael Cooper will be the M.V.P. if the Lakers win. There will be a open jazz Session at the Sportsmans Restaurant on June 5, 1982 from 6:00 p.m. until next week woods wants to talk about magic Johnson and Moses Malone. Two of the best Basketball Players in the N.B.A. Tom Mustain, I was by but you were out. Will get in contact with you later.

HOW TO KICK THE HABIT OF SMOKING

One must give their lives totatly to the Lord-Jesus.
First you must believe the Holy Scriptures.
Matt. 1'21 - And she shall bring forth a son, and thou shalt call his name JESUS: for he shall save his people from their sins.

ROMANS 12'1,2
I BESEECH you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service.

And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God.

1 COR. 3'16
Read 17 thru 21st.
Know ye not that ye are the temple of God and that the Spirit of God dwelleth in you?

2 COR 7'1
Having therefore these promises, dearly beloved, let us cleanse ourselves from all filthiness of the flesh and spirit, perfecting holiness in the fear of God.

1 COR 3'17
If any man defile the temple of God, him shall God destroy; for the temple of God is holy, which temple ye are.

3'18
Let no man deceive himself. If any man among you seemeth to be wise in this world, let him become a fool, that he may be wise.

GOD WILL NOT LET YOU DOWN

He listens to your every cry,
He never passes any one by,
He waits for you so patiently,
With open arms, as he can be.
God will not let you down.
He watches over you from above,
Because, you are one of his love.
He walketh with you wherever you go,
in darkest hour or, trouble times.
God will not let you down.
He is a friend when there is no other,
He is a doctor too, when others failed,
He is the light that shines, when the glow is dim,
He is always ready, just call on him.
No God will not let YOU Down.

We welcome news of your church and civic events.

The Tacoma Women's Choir, an all-volunteer feminist singing group that donates their time and talent to benefit local non-profit groups, is seeking new members. Applicants must be committed to participating in a practice session each week, and a performance each month. A women need only be interested in the promotion of women's and people's rights and be generally able to carry a tune to join the choir.

Practices are held every Friday evening at the Y.W.C.A. at 405 Broadway. Call 759-6364 if you are interested in becoming a member of the Tacoma Women's Choir.

HOW TO CHOOSE A JUICER*

Look for a juicer that disassembles easily for quick cleanups. Check for stainless steel blades rather than plastic ones; stainless steel blades last longer, are easier to clean and easier to replace. Keep in mind the types of fruit and vegetables you'll want to juice. Some juicers can't handle extremely soft fruits such as oranges and lemons. Choose a model with a plastic chute on top that lets you drop ingredients in while keeping fingers away from blades.

The Love Corner
by Minister C. Holland

H.O.L.L.A.N.D.'S LOVE CORNER

The world today is comprised of many natural and unnatural beauties which do and do not conform to the realities of human nature. However, there is one word and feeling that has outlived any other, and surpassed all trials and tribulatory indifferences and failures, hardships and sorrows, impatience and threats, tears and strifes; and that one word in its simplicity is, none other than the word LOVE.

Over the years the word "Love" has derived some very trivial and broad definitions, for example: "Love is a misunderstanding between two fools"--and, "Love is never having to say you're sorry." But the most beautiful of all definitions is the one that the Holy Bible states clearly and most honorably, and that is:"Love is the root of creation, God's Essence.

Anything or anyone who possesses the Essence of God does surely possess a magnificent gift which will outshine, outlast, outdo and outmaneuver ALL, because, as a poet and a writer creates something from nothing--so did God when he created love. Therefore, by each and every individual created in God's most perfect image, each and every individual possesses the gift of love in its most highest form. But as time goes by, and seasons change with each breath, we tend to forget all about the love formula and concentrate only on the "Desirous" advents of the world.

When the tender words:"I love you are uttered, one should soul search deeply to ascertain whether or not he or she is complying truthfully with what God had in mind when he created the everlasting word "Love." And when this is accomplished, the love you have presented in its most beautiful state shall thrive and flourish continually as each passing day comes and goes.

Hope. Our. Love. Last.And. Never. Dies.

DELICIOUS DIET DINNERS

Enjoy your favorite foods and lost weight too! It's easy when you adopt low-calorie cooking techniques and healthy eating habits/

Low calorie cooking doesn't involve mysterious new ways to prepare food. The cooking methods you use now are probably fine as long as they don't add calories to foods. One exception:Frying food is submerged in fat.

To perfect your low-calorie culinary techniques, adopt these cooking methods.

Cook with soft, fresh unripened cheeses (cottage, pot, farmer, baker's imitation and ricotta). They have less butterfat and calories than others.

Skim milk has about half the calories of whole milk. Substitute it in recipes that call for milk. Clear flavorable soups can be prepared virtuall fat free and can contain important nutrients for the dieter. Fatty cuts of meats may have double or more the calories of lean meats. Select and prepare lean meats and trim off any visible fat before cooking. Bake or roast poultry in its skin to keep the meat moist. Remove skin afterward to reduce calories.

NATION IN CRISIS

Ralph Albernathy's Tacoma Visit

"The struggle is not between Black and White, but with the Haves and Have Nots."

Rev. Dr. Ralph Albernathy, Pres. S.C.L. C., non-violent civil rights leader, and advocate for poor people of all races, was Speaker at T.C.C; May 19, 1982.

The primary theme was, "Nation In Crisis." Dr. Albernathy was emphatic in his concern for the attitude that exist among blacks, which he described as apathetic and complacent. He referred to apathy and complacency being luxuries we the poor (blacks) cannot afford. He further stated that we are no where near "Canaan."

In an interview at Sea-Tac Airport-Press Room Albernathy responded to several current issues. Among them were: (1).Q. What actions do you propose to resolve the problems of Blacks? Ans. Action should began from the local level in the areas of voter registration and voter participation. (2). Q. Do you see a parallel between the 60's and 80's? Ans. Yes, and if weapons are not controlled, mankind will be obliterrated from the face of the earth. There is a resurgence of the K.K.K. The Communist Party is on the rise. The rate of unemployment is on a constant incline.

Though other issues were cited, Albernathy's priorities rested with the Blacks and the poor of this nation. He added that one of the greatest discoveries was God; his own "personal" saviour. Because there is a power that does not intend to do right by a certain segment, this nation is in crisis. "The struggle is not between blacks and whites, but with the haves and have nots."

INTERNATIONAL CALLING

Call an aunt in Antwerp. Phone a friend in France. International calling is getting cheaper and easier all the time. Under a new plan recently approved by the Federal Communications Commission, the average cost of a customer-dialed overseas call has been reduced about 4.5 percent.

This means you can visit a relative, friend, or business associate almost anywhere in the world for about $5. That's for a three-minute station call that you dial yourself during the Economy--lowest cost -time period.* For example, a three-minute call from Pacific Northwest Bell's area to:

*Europe, between 6 p.m. and 7 a.m., would be only $1.42 for the first minute and 80 cents for each additional minute. Three minutes, $3.02.

*United Kingdom, between 6pm and 7am., would be only $1.25 for the first minute and 76 cents for each additional minute. Three minutes, $2.77.

*Japan and other Pacific area countries, between 11pm and 10am would be $2.53 for the first minute and 95 cents for each additional minute. Three minutes, $4.33.

Calls placed to Mexico and MARISAT (ships at sea) may be slightly higher.

*Rate period in effect where call originates.

How tough is it to place a call that goes half way around the world? Not very Just pick up the phone and dial:

011 ± Country Code ± City Code ± telephone numer.

Check the call Guide pages of the directory for codes. Even if you can't dial direct, you can still get the lower dial rate. Give the operator the country code, the city code and local number. You'll get the same low rate as if you dialed direct. The low rates will apply to all station calls except those that require special operator assistance, just substitute O1 for O11 and dial.

Additional information on overseas rates, or pamphlets is available by calling international information service, toll free, 1-800-874-4000.
